NUMBER 220.

DELMAS PLEADS FOR LIFE OF HARRY K. THAW

Reviews Much of the Nauseating Evidence of the Notorious Trial and Will Continue Today—Fiercely Denounces Evelyn Nesbitt's Mother and Abe Hummel—Jerome not Present During Address to Jury.

New York, April 8.—The curtain here came to fall today on the dramatic trial of Harry K. Thaw, charged with the murder of Stanford White. Attorney Delmas M. Delmas, the California advocate, began his long-anticipated address to the jury this afternoon, and after he had spoken for more than two hours and a half, adjournment was taken until to-morrow morning.

Should Go to Jury Wednesday Night.
Mr. Delmas expects to finish his speech before the luncheon hour is reached. Attorney Jerome will make the closing address of the trial on Wednesday, and Thaw's case should be in the hands of the twelve men who have listened to the testimony by Wednesday night. Just before adjournment the jury looked up until the end of the trial. In view of this hardship upon them, the judge charged to the jury that they undoubtedly be delivered immediately after the district attorney concludes his speech. The latter says he will take three or four hours.

Plas Not Under Unwritten Law.
Mr. Delmas declared he would not make his plea under the "unwritten law," because his client found ample justification in the written statutes of the state of New York. Mr. Delmas made a stirring appeal to the sympathies of the jury. But so far as he went today the subject of Thaw's sanity or insanity, at the time he committed the homicide, was not even hinted at.

Mrs. Thaw Heard Her Story Repeated.
Mr. Delmas grounded his arguments solely upon the story of Evelyn Nesbitt Thaw. With steady composure but dry eyes the young woman heard her life history repeated to the men who are to judge her husband and bowed her head when her mother was denounced in the bitterest terms and the eloquent lawyer could command.

"Even a base protect his young children," declared he with scorn, "but this unnatural mother desired her daughter in this city of millions, to be betrayed by a false friend, to be turned into a gibbet place, and there to be left the victim of a gray-haired man, poisoned, bleeding and deserted."

"He Delmas went with great dignity into the life of Evelyn Nesbitt up to the time of her meeting with Harry Thaw. He always referred to her as 'this child,' far child he said she was today. He spoke of Thaw's great love for her, and of his efforts to rescue her from 'the clutches of Stanford White,' whose achievements in his profession, the attorney declared, were an aggravation of his crime.

He Respect for the Dead.
Before his attack upon Evelyn Thaw's mother, Mr. Delmas, excoit of the architect, who became the victim of Thaw's crime. He accused him of the "crime of rape," and then declared that President Roosevelt had sent a message to congress that such a crime should be visited with death.

Thaw's Own Suggestion.
This was one of the suggestions which Thaw himself made to his counsel for his summing up. Mr. Delmas declared that God heard the cry of the "child upon whom Stanford White had fixed his gaze," and determined that death should be his. He quoted from the Bible that "He who afflicts a fatherless child shall perish," and declared that Providence sent Thaw to avenge the wrong.

Tribute to Her Love.
The attorney paid a glowing tribute to the love which Thaw and his wife bear each other. He declared that Thaw is the girl's only protector, and that he came into her life when she was on the downward path and told her that no matter what she thought of her, she was an angel to him.

He took her to be his wife, ready to share the burdens that a mother had helped to place upon her daughter's shoulders.

Mercilessly Attached the Mother.
Mr. Delmas accused Mrs. Nesbitt of having lived upon the wages of her daughter's ruin. He sought to picture to the jury what he termed the sinister surroundings in which the girl was reared, and in doing so he mercilessly attacked her mother. Mr. Delmas reached the climax of his address today by the statement that the girl's mother was the one who furnished District Attorney Jerome with arrows with which to wound the mother in her cross-examination, a cross-examination, he declared, which would live long in the annals of history, but which left the girl's story unshaken in all its essential details. That Evelyn Nesbitt's story was true last year at this season. All indications are that the coming summer will witness the largest inflow of immigrants in the history of Northern Alberta.

Hummel Also Excoriated.
Mr. Delmas declared that the only thing the District Attorney had to bring against the girl was the affidavit "corroborated by Abraham Hummel." Speaking of the latter, Mr. Delmas again drew heavily upon the bitterest words of his wide vocabulary, and asserted with emphasis that it would require more than the word of a perjured man to send Harry Thaw to the gallows.

Hummel a Perjurer.
Hummel was charged by Mr. Delmas with having committed deliberate perjury on the stand, when he swore he saw the girl with her mother. Mr. Delmas declared that he had turned the eyes of the west to the northeast of Vegreville. In both case sections there is still much available.

The Family Present.
Every member of the Thaw family was in the court room. They sat as usual throughout Mr. Delmas' address. Their features betrayed no emotion. Thaw turned to them from time to time as his attorney seemed to strike a telling point, and they smiled back, reflecting his own pleasure. Thaw also turned frequently to his wife who, in the stages of this trial as in the first, seems to be hearing the stress well. He had a responsive smile ready for his every look.

Jerome Not Present.
District Attorney Jerome was not in court to hear Mr. Delmas' speech. His assistant, Mr. Gervan, took numerous notes, however. Mr. Jerome, it was said, was busy with the preparation of his own address.

At the morning session of court, Mr. Jerome formally protested against the confirmation of the report of the insanity commission. He made no request, however, and his motion was quickly overruled.

The defense then sought to have Dr. Hamilton testify that Thaw was sane at the time defendant committed the homicide. The objection to Dr. Hamilton's surbur-h was sustained, and Mr. Delmas announced that the defense rested. Mr. Delmas made a similar announcement.

The court was then ordered to adjourn until two o'clock.

SHOOTING SKINS.

Yankoo Jews Are Doing This in Perry Sound District.

Toronto, April 8.—Gunning, by Jews, representing American fur houses, is being carried on in Perry Sound district, according to Dan Hies, game warden of the district, who called on Chief Game Warden Thuley, at the Parliament buildings this morning. Hies says this is one of the local developments of the district. The Jews obtain beaver and other skins from Indians at small price, and smuggle them across the border. The close season for these animals extends to 1910, and they are becoming numerous. Hies suggests that this illegal trapping should be punished by three months' imprisonment for the first offense and six months for the second offense.

RUSH IS THREE TIMES GREATER

Than Last Year—Large Numbers of Immigrants Arriving Daily—Most of Them Homesteaders.

"The immigration to this district this season is three times what it was last year at this season. All indications are that the coming summer will witness the largest inflow of immigrants in the history of Northern Alberta."

These were the words of Immigration Agent Butler this morning to the Bulletin when discussing the arrival of newcomers at the falls.

Both the building on Jasper and the new hall on First street are crowded to their utmost capacity and though many are daily going out are immediately new arrivals to take their places.

The local authorities in connection with the halls have discouraged home-seekers from going out to view the land till the snow is off the ground, but nevertheless many have determined to take time by the forelock.

Mr. Butler intends shortly moving his headquarters to the new building near the C. N. R. station, but at present is unable to do so even his office room is being utilized to provide accommodation for recently arrived immigrants.

ELEVATORS FOR THE FARMERS

Society of Equity Plans to Have One at Every Important Point.

John M. Moran, of Fort Saskatchewan, one of the leaders in the Canadian Society of Equity, who has been busy all winter throughout the province organizing branch societies of this association, was in the city yesterday. He starts on a trip down the C. N. R. today to arrange for the erection of elevators at a number of different points, which will be controlled by the Society of Equity and built with funds raised by farmers' picnic contributions.

To date enough stock has been subscribed to erect elevators at nearly a dozen different places and it is the aim of the society to have at least one elevator at every important point between Edmonton and Lethbridge inside of two years.

ONE KILLED THREE INJURED

In Accident on Irrigation Canal Near Calgary Last Saturday.

Calgary, April 8.—On Saturday a serious accident occurred two miles east here on the C.P.R. irrigation canal, resulting in one death, two seriously and three slightly injured. The company had been building a sowing for dredging purposes and six men were working underneath the bottom, which was raised on timbers five feet from the ground. They removed the centre timber to finish spiking the bottom, thinking the end timbers would support the weight, but frost in the ground under the timbers caused the earth beneath to break out in large pieces.

The snow slowed and then came down. Three men slightly hurt, but a man named Allison was pinned on top of the timber with the edge of the snow resting on him. He, another man, received three broken ribs, and his head was badly gashed. He was brought here on the train and operated upon. He died early this morning. The other two will recover. Wm. Allison was a young Scotchman from Dundee, only here a few months.

A GREAT DOG TRAIN DRIVE

Indian Trapper and Family in From Fort Chipewyan 10 Year Old Boy in Charge of Dog Train.

Peter Louit, Jr., accompanied by his wife and two children, of Fort Chipewyan, were visitors in the city Monday, having come down from Athabasca Landing the day previous. Peter was here to secure supplies for the season and leaves for home to-day. He states that he found more snow from the Landing south than they have in the north, and that this has been none too good a year for the trappers, particularly the Indians.

Peter is justly proud of his ten-year-old son, who was down with him, and who also bears the name of Peter. The little fellow took charge of the dog train from Chipewyan, all the way to Athabasca Landing, a distance of nearly 500 miles, and appeared to be none the worse for his experience when seeing the sights of the city.

Of the increasing number of wolves, and of their ferocity, are not a little overdrawn. He claims a bounty of \$20 a head for their destruction is not a bit too high. The Indians are badly in need of money, but for \$10 a head they hardly care to take chances with the wolves, so large and numerous have they become.

The Great West was formerly printed at Calgary. It is issued semi-monthly, contains sixteen pages, and has a circulation of 5,000.

Charles Mott, the well known wrestler, was arrested by the police last night charged with ill-using his wife. He will come up for trial this evening.

WAS DUMPED IN THE MUD

How Archbishop Serafin Was Treated by Galician Catholics.

Toronto, Man., April 8.—A ludicrous incident occurred here yesterday, when Archbishop Serafin, the ecclesiastic visitor of Winnipeg, who claims to be head of the Greek Church in Canada and religious dictator of Russians, attempted to hold service in the Galician Catholic church here. They refused to permit him to even enter the sacred building, and when he attempted to force his way in he was picked up bodily, carried to the street, and thrown into the mud. This decidedly lamed his ardor, and he has been hurrying an epithet at his opponents, departed.

Mrs. Blacklock, who has been living at the Clover Bar mines, has been taken to the city with typhoid fever.

GRABBER WILL BE ALONE

In Supporting Whitney Cabinet Minister's Salary Increases.

Toronto, April 8.—It was stated at the parliament buildings today that not more than half a dozen Liberal members would follow their leader in supporting the increased salaries for ministers.

"Mr. Graham," said a Liberal member, "was bound to support it in accordance with the position he has taken, for some years past. We did not have any opportunity to consider it in caucus before it came up, and now it has been left to individual opinion. Many will likely vote against it as they have the right to do."

Mr. Graham entirely concurs with this view.

TO CONSIDER THE WATER BOUNDARIES

Between Canada and United States, and Other Complex Questions, Joint Commission is to be Appointed—Will Canada See That Alaska Boundary History Repeated?—Commission Will Deal With Fisheries, Too.

Washington, April 8.—It was officially admitted today that a treaty had been drafted between the United States and Great Britain and Canada, providing for the appointment of a joint commission which will consider all of the complex questions connected with water boundaries between Canada and the United States.

This will include such questions as the disposition of waters of the great lakes, the regulation of the use of water at Niagara Falls for power purposes, and the whole general subject of fisheries regulations, not only for the great lakes but for the Atlantic and Pacific waters as well.

This will require the approval of the United States senate to become effective, but it is supposed that an arrangement in the nature of a modus vivendi will be reached between Secretary Root and Ambassador Bryce in the near future.

LORD ALYMER'S RETIREMENT

Discussed in Both Common and Senate—He Had Reached Retiring Age.

Ottawa, April 8.—The Senate as well as the Commons discussed the question of Lord Alymer's retirement to-day. Senator Landry asked if Lord Alymer had been dismissed from the position of inspector general and who was to succeed him.

Hon. Mr. Bouché said Sir Frederick Borden was still minister of militia, though temporarily absent from the country. In regard to Lord Alymer, when he was appointed inspector general it was understood his appointment was to be for a period of two years and he had consented to that arrangement.

Alymer at Retiring Age.
He had endorsed the recommendation of two years. "This carried" from the volume of 65 years, Lord Alymer as inspector general. He had not reached the retiring age limit.

Sir Mackenzie Bowell said it was reported that Lord Alymer had not voluntarily retired, but had been removed. Sir Mackenzie said he knew that Lord Alymer was in splendid health and though 65 years of age was only in his physical and mental prime. He was a man of great military experience and ability. That was shown by the fact that the late Conservative government had promoted him to a high place in the service.

Civil Aide's Appointment.
Col. Vidal, who was to succeed Lord Alymer as inspector general, was only a year or two younger and was an invalid. It was doubtful if he would be able to perform the duties of the office. It was understood he had only been promoted to enable him to retire after a year on a higher pension than his present salary.

Would Not Retire.
Senator Power said it was not true as reported that in a year Col. Vidal would retire at the same pension as Lord Alymer did. The fact was Lord Alymer had served the full term of 25 years in the militia and had a retiring allowance of \$4,000 from a \$5,000 salary.

CHARGED WITH MURDER.

On complaint of Chief of Police Evans, Victor Mitchell Hinde was last night before Magistrate Woods, charged with the murder of George Woods; and Albert Jones with being present at the time of the murder and afterwards becoming a accomplice by assisting or allowing Hinde to remain at large after the crime had been committed.

Both prisoners were remanded for a week to the Mounted Police barracks. The case will now be taken up by Crown Prosecutor Cogswell.

STRATHCONA

THE BOARD OF TRADE MEETS

The Strathcona Business Men in Session Last Night. Important Question Up.

The regular monthly meeting of the board of trade was held last night with President Marriott in the chair. There was a good attendance.

The first business was the reading of minutes and the proposal of new members.

The new secretary, J. W. Weir, was introduced, and addressed the meeting briefly.

A communication was received from Dr. McIntyre, M.P., in reference to the duty charged on the hull of the Clarke design. The machinery was admitted free, but the department insisted that duty should be paid on the hull.

President Marriott explained the question, and in view of the fact that this dredge is successful a number of others will be put in operation on the river, the council of the board was authorized to use its influence in securing a rebate.

Dr. McIntyre also was asked to interest himself in the claim for a rebate of duty.

A communication was received from the Victoria board of trade asking co-operation on the part of the local board in the Alaska-Yukon-Pacific Exposition which is to be held in Seattle in 1909, and a committee was appointed to draft a reply.

A letter from Hon. Frank Oliver was received with reference to the necessity of an interpreter, promising consideration. The secretary was instructed to follow up the correspondence.

A letter was read from Post Office Inspector Cairns promising consideration of the request for letter boxes throughout the city, and that, with the whole post office situation, was put in the hands of the council of the board to draft a resolution to be sent to Dr. McIntyre.

Dr. Fuller reported on behalf of a special committee re Ferry at Big Island. He had been assured the work would be under way as soon as weather permitted.

Three standing committees were appointed as follows:

Publicity—Dr. Fuller, T. W. B. Douglas, O. Bush.

Relief—H. Duncan, Dr. Archibald, Q. O'Brien.

Several orders to sell advertising space were referred to the council, and the publicity council.

The president suggested, that, owing to the fact that there is no hall for large meetings in the city, the council urge upon the city council the necessity of putting a floor in the rink for this purpose.

A number of other matters which, owing to time, the board was unable to take up, were placed in the hands of the council.

DEATH OF E. T. HAMMETT.

E. T. Hammett, who was first manager of the Bank of Nova Scotia in this city, died on April 1st in Trinidad of yellow fever.

Mr. Hammett had gone there on a tour of inspection of the branches of the Bank of Nova Scotia in the West Indies.

HELD UP FREIGHT TRAIN.

Buffalo, N.Y., April 7.—Three armed men held up a lake shore freight train in the heart of the city last night, and held the crew at bay 30 minutes while the robbers broke open a bonded car and loaded several cases of whisky into a wagon. They escaped with their loot.

SEVEN FEET OF TIMBER.

Prince Albert, Sask., April 6.—Logging operations are now complete in this district, an unusual long and favorable season having enabled the favorable conditions to make a record of upward of sixty million feet of timber is now on the lot, and the arrival of this at the city mills will ensure the operations of every piece of machinery at its full capacity for the next twelve months.

PUBLIC FUNERAL FOR ST. JOHN.

Toronto, April 6.—In the legislature today, Thomas "raved" was elected speaker. Several warm tributes to the late Speaker St. John were made, and an early adjournment of the house out of respect to him will be made. It was arranged to give the late speaker a public funeral Wednesday.

TRAGEDY AT THE STATION

Edward McMillan, Fall Under the Train Early This Morning.

Another fatality, a direct result of lulling in too much instances, took place early this morning at the Strathcona railway station. The victim was Edward McMillan, a young man, aged about twenty-five, and well known around the city.

Bound from a drunken stupor, he staggered out of the station waiting room, and just as the train was pulling out to the siding after unloading passengers, fell against the moving car. In a moment more he fell underneath the wheels, and before the train could be stopped, two trucks passed over his body.

Police Officer Harris and others who were nearby drew him from beneath the cars, and it was found that the right leg had been almost completely severed at the thigh, and the left just above the knee.

Wainwright's ambulance was summoned, and the unfortunate man removed to the Strathcona hospital, where an operation was performed by Drs. Crang, Hosen and Green.

The effort to save his life was unsuccessful, however, and he passed away about five o'clock this morning.

The deceased had resided in the city for the past eighteen months. For some time he was employed in the real estate office of A. M. Fuller & Co., but gave up that position about three months ago. His home was in Shakespeare, Ont., where his parents live, and are among the most highly respected residents of the town.

This forenoon at eleven o'clock an inquest was held by Dr. Crang, and a verdict returned in accordance with the above facts of the accident.

A RANGE OF 18 DEGREES DURING MARCH.

The following is the weather report from the Bon Accord station for the month of March:

ORONHYATEKHA ESTATE.

Toronto, April 6.—Dr. Oronhyatekha's estate is estimated to be the largest estate ever in the country, worth over \$100,000. The will was made October 28th, 1898. The personality amounted to \$100,000. He had \$400 in wearing apparel and jewelry, and \$100,000 in insurance. His executor, the Union Trust Company, are given \$10,000 to be disposed of as directed in a sealed letter. The estate is divided between the children.

AT THE OPERA HOUSE.
The Summers Stock Company's presentation of "Mrs. Temple's Telegram," pleased a large audience at the Opera House last night, and gave promise of a successful two weeks' stand here. George Summers as Wilson was decidedly entertaining. Miss Belle Stevenson, the leading lady, billed her part well, and the other members of the company took their parts pleasingly. The character sketches, songs and dances between the acts were received with hearty applause, the company proving themselves excellent entertainers.

Tonight the bill is "Because He Loved Him So." There will be matinees on Wednesday and Saturday each.

LIKEWISE CALGARY.
The manager of the Medicine Hat team, which is scheduled to meet the Box in Duluth on May 13 and 14, has written to Manager A. W. Kuhnson, giving a detailed description of each of his men. The account reads like a police station blotter, only worse. Every detail of each member of the club is given and, if the story can be believed, there is not a player on the club who cannot drive the sphere into the lake.—Duluth News-Tribune.

TO CONTRACTORS.
Tenders will be received by the undersigned till 7 p.m. of 11th inst., for a Brick and Concrete Building in Edmonton. The lowest or any tender not necessarily accepted.

Plans and Specifications to be seen at the office of

MYSTERY OF WOODS' MURDER DEEPENS

By the Absolute Denial of the Story Told the Police by Alfred Jones, who, when Drunk, Declared He Saw Houde Strike Woods, and who Characterized His Story at Inquest as a Lie Pure and Simple.

The mystery of the death of George Woods, which was at first apparently solved by the statement of Alfred Jones, made to the police, that he had seen the fatal blow struck with a bottle in the hand of Victor Houde, was deepened yesterday afternoon by Jones' complete denial of his previous story, and the subsequent verdict of the jury that the fatal blow was inflicted "by a party or parties unknown."

Jones' testimony that he had been in the scene of the tragedy, that he had no acquaintance with Houde, and that all his story, as he had told it to the police, was a lie, produced a sensation in the court room, where his evidence came to all but the crown prosecutor, who had previously questioned him, as a complete surprise.

He told his story freely, but it was the opinion of many that he knew considerably more about the affair than he appeared willing to admit. The absence of the old man, John Penock, who lived in the shack with Woods and Houde, and had been left out on parole, was also a suspicious circumstance, but the jury did not think it was necessary to adjourn the inquest to secure his attendance.

Two May Be Charged.

As a result of the unsatisfactory story told by Jones, it is probable that he, as well as Houde, will be charged with the murder. Houde has yet been taken, but the case is in the hands of the police who are looking into the evidence. It is thought by the authorities that a number of the principals know considerably more about the tragedy than has yet been told, and interesting developments are awaited.

The only witness examined at the afternoon session yesterday was Jones, who had been under arrest since the day the body was found.

Alfred Jones' Story.

Alfred Jones (sworn)—"I have been living at Stony Plain for the past six months. I went out on the 18th of last October, and have been living with John McKinley there. I came to Edmonton from Seattle last June with the Norris & Rowe's circus."

"I came in from Stony Plain a week ago last Saturday, and have been doing nothing but drinking whiskey since. I knew George Woods, but I don't know Victor Houde. I stopped at different places since I came to town."

"On Thursday night I slept at Bell's barn. I don't know any person there. I went down there about 11:30, when the Jasper hotel was closed up. The keeper of the barn got up and let me and another man, whose name I don't know, into the barn. We slept up in the hayloft."

"I came from the Jasper hotel when I went to the barn. I had been there all the evening sitting asleep in the basement. I was away from the Jasper hotel at the evening, and was there almost all the afternoon. I went to the Chinaman's to eat with Dick Sharkey, and he returned to the Jasper hotel with me."

"The porter and the man that went to the barn with me, I think he was a brewer, were with me all the evening till the time the place was closed up. There was also another man with us, whose face was 'Ain't dead.' They call him 'Doc.' I don't know his name."

"I don't know where George Woods' shack is. I never was to his shack. I told the police I was to the shack. I told them I knew the murderer. I was drinking that morning, and came up here and told that story. It was all a lie. We had no drinks during the night in the hay loft."

"It was about seven in the morning when we left the loft, and went to the Jasper Hotel. We had a number of drinks, and there I first learned of the murder about 7:30 in the morning. An old gentleman told the bartender, Burton, that Woods was dead. Pepper was there, and another man. The whole story I told the police is a lie."

"The brute I got on my face was from the Hardy's stable assistant. I remember saying I was at the shack and saw Houde strike Woods. This was a lie."

Victor Houde Called.

Victor Houde, who has been suspected of the murder, was then called, and was brought up from the cells. He appeared pale, but otherwise did not show any evidence of feeling his position.

Lower Mackie Objects.

Upon the coroner proceeding to administer the oath, Mr. Mackie rose and recorded his protest.

Coroner—As tending to incriminate on behalf of Houde, and now make strong objection to his client giving evidence. Throughout the whole country the press had connected the name with the murder, and it was unprecedented in criminal law that he should now be called upon to give evidence. He objected most strenuously to any evidence being given by the client.

Crown Prosecutor Cogswell—"There is as yet no charge against this man. He can, however, object to giving evidence, as tending to incriminate himself, and give his reasons for refusing."

Mr. Mackie—"The inquest is for the purpose of establishing the cause of death, and that has been already done by the doctor's evidence."

The coroner then addressed the witness Houde, telling him he had brought up to give evidence, and that he had a right to refuse and give reasons for so doing.

Witness Houde—"I am perfectly ignorant of his death altogether."

Coroner—"Do you wish to give evidence?"

"I would prefer not to speak at present," was the reply.

Coroner—"Have you any reason for not giving evidence?"

"No, but I have been accused of this."

Coroner—"You have not been accused at all."

Mr. Mackie then asked if he might be permitted to give reasons, but the coroner said there was no necessity, and Houde was taken back to his cell.

Upon consultation the jury decided it was unnecessary to call John Penock. After deliberation, they returned to the court room with the following verdict:

"We find that the deceased George Woods came to his death by a blow on the back of his head, cracking his skull, and administered by some party or parties unknown."

Fort Saskatchewan Anglians cleared \$800 at their bazaar on Saturday.

Mr. Ware, of Regina, has purchased the Webster barber shop at Red Deer.

Manitoba will be represented at the Sunday School convention at Bismarck.

The new construction work has started on the Roman Catholic church at Staveland.

A court of the Canadian Order of Foresters was instituted at Camrose last week.

Lethbridge customs receipts for March were more than double those of last March.

The erection of a four mill and elevator in High River is almost an assured thing.

Lethbridge council will establish a nursery to grow shade trees for the city's decoration.

The big new pipe organ to be played in Moose Jaw Methodist church will cost \$55,000.

Red Deer council paid \$500 for the team of horses purchased for the fire brigade last week.

Lacombe has heard a rumor that the T. Eaton Co., Toronto, will erect a store in Lacombe.

The new woolen mill at Lethbridge will be finished by June 1.

A special session of the Manitoba Legislature will be held this month.

Medicine Hat will spend \$4,500 extending its waterworks system this year.

Saskatoon council will build two new fire halls, one each in wards 1 and 2.

A movement is on foot to establish a second Masonic lodge at Medicine Hat.

Leduc creamery made its first shipment of butter on Monday. It went to Edmonton.

Rev. C. C. Doyle is now in charge of the Leduc Church of England, the comes from Calgary.

The Bell Telephone Co. took contracts for thirty-three new phone lines at Leduc.

Six typhoid fever cases in the one family have fallen to the lot of Mr. Demary, of Lamoureux.

A. J. Simpson, M.P.P., who has been seriously ill at Lethbridge for some time, is recovering.

Lethbridge during the month.

Alfred Mcintosh has resigned from Saskatoon council. He is away on a six month's trip to Rome.

A volunteer fire brigade was organized at Leduc last night. Twenty-five members will be enrolled.

Rev. J. S. Chivers, rector of the Lethbridge English church, married three couples on Wednesday last.

Manitoba educationists in convention at Brandon endorsed the new scheme of municipal school boards.

Leduc creamery will change owners on May 1st. The new proprietors are Harris & Harrower, of Cranbrook, B.C.

W. D. Annable, general merchant at Glensholm, has disposed of his business to N. Holmes, of McGregor, Man.

\$20,000 will be required to build and equip Saskatoon's new hospital. The council hoped to do the job with \$10,000.

A. W. Panton, D.L.S., arrived at Leduc last week from Macleod. He brought 70 pack horses for his northern trip.

Fort Saskatchewan is now getting a daily mail from Edmonton by stage until the C.N.R. trains get running regularly.

Humboldt, Sask., has been created a town, and Craik and Fleming will be elevated to the same eminence this month.

Red Deer citizens who have played bowling on the green in the east are now looking for a new one.

Stewart & Tweed, general merchants at Medicine Hat, have disposed of their business to a stock company capitalized at \$75,000.

Dr. Berry has lately purchased a steam gang plow from Kelly & Watson. This is the first steam plow sold in the vicinity of Fort Saskatchewan.

There are 600 men in the G. T. P. camp west of Portage la Prairie, Man.

Two Wetaskiwin real estate firms bought sixty lots in Camrose on Saturday.

Immigration statistics warrant the belief that almost, if not quite, 300,000 settlers will come to Canada this year.

Over two-thirds of the oil will be from Great Britain and the United States.

Swift & Co., the Chicago packers, are contemplating registering in the Province of Alberta as a Canadian business firm for the purpose of buying and selling stock and products in this province.

About three hundred cases of prepared samples of grain have been sent to Great Britain by the Winnipeg offices of immigration, direct to the London offices of the Canadian government. From these samples are sent to the various agents of the government throughout the country.

Many cases will be sent to points in the United States, but not until a later period in the year—just previous to the holding of the annual state affairs.

One day last week, M. E. Jones, of the High River meat market, killed a beaver, dressed it and skinned it in ten minutes, also another beaver in thirteen minutes.

Food You Eat Should be Pure

The reason that the adulterated foods are so plentiful today is simply because of demand. You can secure the use of impure foods by sending your orders through the mail. We sell the best food materials in Canada, and our business shows the people's appreciation.

Harnessing Nature's Resources IS THE FOUNDATION OF THE World's Largest Fortunes

It Makes the Poor Man of today the Millionaire of Tomorrow

Gold, Coal, Iron are but a small part of the riches nature has given us. Nature has been generous, greater treasures than have yet been produced are being discovered daily. Every new discovery of a staple commercial product, when taken advantage of and developed, is the foundation of a great fortune.

The Oil found near Edmonton, Alberta, has an asphalt base, and is of heavy specific gravity. It is strictly a fuel oil and needs no expensive refining, as it is ready for the market as it comes from the ground. The Acheson, Topeka and Santa Fe and the Southern Pacific Railroad systems use it exclusively as fuel in their engines; hundreds of steamships and factories use it, and thousands of families use it for heating their homes: 3 1/2 barrels are equal to one ton of coal.

The railroads operating lines in and out of Edmonton haul coal for hundreds of miles at great expense. Oil would reduce their running expenses thousands of dollars per month.

ASPHALT FOR STREET PAVING.

The oil sand which is found 18 feet below the surface at Egg Lake can be treated the same as the oil sands of California, and asphaltum made from it.

We have an advantage over the California Asphalt Companies in that we have the gas which can be used as fuel in treating this oil sand, and can be laid down in Edmonton for 75 per cent less than the Californian product.

THE GAS WE HAVE.

Can be used for lighting purposes, and will be very valuable when it comes to smelting the Zinc Ore that can be obtained in large quantities in the mountains west of Edmonton, also in the manufacturing of Cement and Glass.

PORTLAND CEMENT.

Portland Cement was first made in England in 1824, and in the United States at Copley, Pa., in 1878; since then works have been established in fourteen other States.

The growth of this industry is perhaps the most marvelous thing in the industrial development of that country. This Northern Alberta of ours abounds in all the necessary clays and marl deposits for the manufacture of a high grade cement, and with the advent of oil there is no reason why this district should not become the greatest cement producing country in the western hemisphere.

For burning cement manufactured from these substances the method to be adopted would be that known as the wet process, and a very hard coal is necessary (in the absence of gas or oil) which has to be finely ground in order that it will explode easily, this necessitates expensive grinding machinery and consumes much time and labor.

We have the gas already, and all the foremost geological experts in the employ of the Dominion Government bear out our claims, that as far as geology can tell us we can get the oil too.

Oil or gas would lessen the cost of production of this valuable commodity, and further, when gas or oil is used as in all modern rotary kilns, the product is found to be of superior quality.

Chemical analysis of Cement show that owing to the impurities introduced by the ash of the fuel, where coal dust is used, the tensile strength of this Cement is very much a matter of speculation, whereas, by the use of oil or gas for fuel, the strength of the product may be guaranteed by mixing the materials in their correct proportions.

THIS IS A STOCK WITH A FUTURE

We have invested our own money in it. The money that is coming in is being used to further our work, and for this purpose only. We have purchased the largest drilling outfit of machinery ever shipped into Canada.

We are selling fully paid and non-assessable treasury stock at 25c. per share, par value \$1.00.

We can prove every statement we have made and are anxious to do so.

INVESTIGATION COSTS NOTHING.

FROM DAY TO DAY

FROM Day to Day

THE CRY OF MANHOOD.

A sword! A sword! Ah, give me a sword!

For the world is all to win.

Though the way be hard and the door be barred,

The strong man enter in.

If Chance and Fate still hold the gate,

Give me the iron key.

And turreted high my plume shall fly,

Or you may weep for me!

A horse! A horse! Ah, give me a horse!

To bear me out into the world,

Where blackest need and grimmest death

And sweetest perils are.

Hold them my ways from glutted days,

Where poisoned leisure lies,

And point the path of tears and wrath.

Which mounts to high emprise!

A heart! A heart! Ah, give me a heart

To rise to circumstance!

Serene and high and bold to try

The hazard of the chance.

With strength to wait, but fixed as fate

To pain and dare and do.

The peer of all, and only to thrill,

Sweet life mine, to you!

—Sir Arthur Conan Doyle.

THE OLD WORLD TRAINING.

Canadian legislators in all parts of Canada assembled in Ottawa just now have had an opportunity to come in contact with Hon. James Bryce, England's ambassador at Washington.

They met him in a social way. They listened to the excellent address he delivered at the fourth annual banquet of the Canadian Club there, and they will realize afresh what manner of man the English statesman is. Trained to statesmanship from early manhood, they hold a distinct aim before them to serve their country in the political field. Social and political economy become an essential part of their life studies.

Many of them take up their residence in the beautiful houses and districts of industrial centres of Old England, and in all seriousness they study life from many aspects. Lord Hugh Cecil, that brilliant, earnest young son of Salisbury, of whom great things are expected in a few years, went through his course of study and life at a settlement house in East London, and the study of industrial centres of Old England, and in all seriousness they study life from many aspects.

Lord Hugh Cecil, that brilliant, earnest young son of Salisbury, of whom great things are expected in a few years, went through his course of study and life at a settlement house in East London, and the study of industrial centres of Old England, and in all seriousness they study life from many aspects.

So are scores of other young Englishmen endeavoring to help the worthy laborer, to lift the "sub-morose" and come into touch with the demagogue who threatens to get a dangerous hold on the masses. It is the philanthropic work of their to-day, but it is the foundation of their statesmanship of tomorrow.

And they regard it as themselves.

As an old Scotch gentleman, resident in Canada for many years, remarked one day: "The young men of the old country do not permit their lives to be absorbed by the commercial life and sport as frequently as they do here. With the result that they are interesting in conversation, at any rate, even when they have not the ability to accomplish anything more."

Hon. Mr. Bryce is one of those who can talk and write and do.

WILFRID CAMPBELL'S NOVEL.

As a poet, Wilfrid Campbell has become quite well known to the Canadian reading public. It remains to be seen how strong Campbell, the novelist, will be. His proposed book, "I am of the Oracles," is to appear this week from the Revell's publishing house.

The story is laid in ancient Scotland in a castle overlooking the North Sea and before the days when dialect was invented. The publisher announces that a number of well qualified critics have pronounced very favorably upon the story.

THE ETERNAL FEMININE?

It is said of Mr. John Wamacher that on Sunday he delivered before the infant class of Bethany Church, Philadelphia, a brief but eloquent address on the lesson. At the end he said: "And now is there any question that any little boy or girl would like to ask me?" A girl of eight or nine years arose. "Well, Martha, what is it?" said the superintendent, smiling on the lot in kindly fashion. "Please, Mr. Wamacher," said the little girl, "what is the price of those large wax dolls in your window?"

HARVARD FOR THE KAISER'S SON.

One of the points in which Emperor William of Germany and President Roosevelt show a resemblance is their active interest in the education of their sons and the development of their individual natures and talents.

They are not making the mistake of leaving their sons to tutors or their mothers only, but they concern themselves as actively as Dr. Arnold did in the training of his sons with the result that for once a great father had sons who were great.

The Kaiser's latest activity is said to be to send his fifth son, Prince Oscar, to Harvard University for his education. To "Old Harvard," the seat of its alumnus, this university whose president Roosevelt's friend says he would prefer to his present high office!

The Kaiser first expressed his intention to educate one of his sons at Harvard at a dinner at the American embassy last year. He at the time had in mind his fourth son, Prince August Wilhelm, but as he has become engaged to be married, the Kaiser apparently decided that Prince Oscar, who will be 19 years old in July, should be the one to receive the advantages of a thoroughly democratic university training. It is probable that he will be accompanied by a military adjutant. He will go to America in time for the opening of the next college year in September. He is now an undergraduate of Bonn university.

Two facts determined the emperor in his choice of Harvard. First, it is the alma mater of President Roosevelt and Ambassador Tamm, who is extremely popular at the German court, and, secondly, it is the American university which makes a specialty of German subjects. Furthermore, it is the seat of that small American school which opposes the Monroe doctrine.

The Kaiser is said to be anxious that one of his boys shall grow up with one of President Roosevelt's.

If Prince Oscar enters Harvard he will have Theodore Roosevelt, Jr., as a college mate, who was his first and second son, Kermit, may enter the university at the same time.

SOCIAL.

Her Excellency the Countess Grey left for England last Thursday with her sister, Lady Morley.

Mrs. Coutley, who is receiving this afternoon, will not receive again this season.

Mrs. H. A. St. George Gray, Eighth street, will receive on Thursday next, April 11th, for the last time this season.

Mr. A. F. Grundy, ex-mayor of Macleod, accompanied by his bride, arrived in the city on Saturday and is the guest of his sister, Mrs. Blower, Second street. Mrs. Grady, who was formerly Miss O'Brien, of Halifax, is receiving with Mrs. Mrs. Blower this afternoon.

Invitation have been issued in Toronto to the marriage of Mr. Charles Leslie Wilson and Miss Mabel Ross, daughter of the Hon. Geo. W. Ross, to take place on Saturday, April 20th, in Old St. Andrew's Church.

SPORTING NEWS.

LACROSSE EXECUTIVE MEETS.

The executive of the Edmonton Lacrosse club held a meeting at the Bonaventure cigar store on Saturday night, and the affairs of last season were put into shape for the annual meeting on Friday night.

It was decided to recommend that the club colors for 1907 be the same as last season, green and white. The supply of sticks for the season has been ordered from an Ottawa firm, so as to have them here in time for the first practice.

A committee has also been appointed to wait on the baseball club officials to secure the new baseball field for practice grounds and for the season's games.

All present reported the outlook to be most over for a great season's sport, and considerable material already in sight for a winning twelve, if the players only stick together throughout the season.

LACROSSE IN SASKATCHEWAN.

Moore Jaw, April 8.—At present it looks as though lacrosse would be very popular in this province this summer. Already several of the 34 clubs are under way, and a few new ones are being organized. The Soo Line league, which will get good work for Moore Jaw, the prospects are very main line Moosemen is taking up the game, and doubtless Regina will be strongly to the fore. In the north Saskatchewan will probably have a strong team; it was one of the best in the province last year. Prince Albert and other northern towns will likely also be represented by good teams. As for Moore Jaw, the prospects are very strong indeed. The material is here, and requires only to be worked out to produce the best of results.

A JUNIOR SERIES, TOO.

Medicine Hat, April 8.—The plan has originated at Lethbridge to form a Junior Lacrosse League, which will include teams from a number of clubs along the Crows' Nest line. Medicine Hat has received due invitation to join the league, and is willing to do so under certain conditions, the two principal ones of which are that the clubs each deposit a check for \$75, to be forfeited in the event of a team declining to play scheduled games, and that only players under twenty years of age be allowed to play in the games. The proposition which came from Lethbridge in this respect was to the effect that only players under sixteen years of age be eligible, but the boys think that this would mean that a number of juniors of thirteen or fourteen years would be playing, and the class of lacrosse furnished would not be of a standard to draw audiences of sufficient size to meet expenses. A letter to this effect has been forwarded to Lethbridge.

ROBITAILLE TALKS.

Ottawa, April 8.—Ed. Robitaille, the well-known National hockey and player, is home from Battledore, Saskatchewan, where he had left wing and captained the team of that place during the past winter. It will be remembered Robitaille played for the Nationals last January, when that team played off with Princeton for the championship of Section 2 of the City League of 1906. He left immediately after that game, and made good out west.

Robitaille says the hockey in that section is very fast and quite up to senior calibre. The people are as wild about the game there as they are in Manitoba and the east. Toward the close of the season Battledore won a series of three straight games from Edmonton, the final one bringing out a crowd of 2,500 people, which isn't so bad for a small city.

Ed. came in for some pretty hard charges during the season and still carries a long place of sticking plaster over his left eye as the result of a slash from an opponent. He had three ribs broken in one game, and was laid up for a week as a result. Battledore will likely be seen wearing the National colors on the lacrosse field this summer.

BASEBALL.

Manager Thyns is after the English support at Calgary. His proposition calling his team the Victorias. From the age of some of them, they will play like a lot of women, too.

Next Randall, the former Winnipeg player, is making good with the Chicago Nationals. Osborne, his main competitor for the position in the color garden, has been playing the past few days, and has been doing good work. However, the reason for New's lay-off is a lame back, caused by his stepping in the way of a fast one which loosened some ligaments and made him unfit for immediate service.

THE ACME COMPANY, LIMITED

THE ACME COMPANY, LTD.

An effort is being made to organize a state league in Dakota. Manager McRae, of New York, thinks that ball players drink too much water in the training season, and fail to reduce superfluous weight. Three of the New York American league team players are laid up with injuries, and the club is liable to get off to a bad start in the league race. To date the Edmonton club has heard nothing of the date of the meeting to organize the provincial league to which the Ice Veler cup is to be donated. At a meeting at Moose Jaw on Friday it was decided the town was hardly big enough for a professional team, and the invitation to go in a league with Regina and Saskatoon was declined. At a recent meeting of the Northern Copper Country league, it was decided to raise the salary limit of the league \$100, and the teams will each be paid an aggregate maximum of \$2,100 a month from now on. While the baseball fraternity is talking loudest at Saskatoon now, it is said lacrosse will be a hot favorite there during 1907, and that is the reason a professional baseball team is not supposed to be a good investment at present.

A VICTIM OF THE SLANDERER

Our Press Gallery Correspondent Speaks of the Emerson Episode.

Ottawa, April 3.—Hon. H. H. R. Emerson resigned his portfolio as minister of railways and canals. In his speech yesterday, Mr. Emerson denied unqualifiedly the charge made against him, by the *Fredericton Gleaner*, which led to his resignation. He has entered action for libel against three newspapers which printed the story, and laid aside his portfolio that an stigma might attach to the premier or the government on his account. That Mr. Emerson has been an industrious and capable minister is admitted by friends and enemies; that he ever used or sought to use his position to further his private interests has never been suggested by his bitterest opponent. Things have surely reached an infamous climax when a man's life may be ruined, and the country deprived of the services of an honest and capable minister because an unprincipled slanderer launches against him a story in which he denies there is any vestige or shadow of truth. It is a mighty poor reward for public service that a man must answer with his political life, not only for indiscretions which he may have committed in private life, but even for accusations in which he denies any foundation of truth. Of such course there can be but one result—that public office will be sought and held only by those whose character is too black to be stained by slander.

TUESDAY, APRIL 9, 1907.

THE UNIVERSITY LOCATION.

The location of the provincial university in the city of Strathcona, the home of the Minister of Education, did not come as a very great surprise, as it has been mooted for some time that the Premier's city was to be the fortunate locality in this particular. No doubt some of Calgary's citizens are somewhat disappointed, but in the natural order of things they could hardly expect the university to be so far removed from the capital. That the seat of the Department of Education should be near the university site is very important, and to city had anything in the nature of a claim that could outweigh advantages that would help the efficiency of Alberta's chief institution of learning.

So far as Edmonton is concerned, it is quite content to see her sister city secure the university, as it is located across the river it is not any further removed from the capital than it is in some outside locality in this city. Strathcona is as near the geographical centre of the province as it is possible to locate this important institution, and besides it is in the centre of a district that will be densely populated in a few years, and which now contains a very large agricultural population, as shown by the recent census. As the kind of agricultural population around Strathcona is the kind from which the parts of Canada a large proportion of successful university students have been drawn.

Strathcona is also easy of access to students from all parts of the province. From the south they come up the C. and E. railway, and from the west by the Canadian Northern line from the east will also serve to give the students from Vegreville, Vermilion, Lloydminster and other eastern towns, an easy means of travel to and from the seat of learning. The Grand Trunk Pacific will also bring in students from the fertile lands in the great northwest country, and the boys and girls from the northern and western parts will be served by the C. N. R. line.

THE COLONIAL CONFERENCE.

Canada is to be congratulated upon the fact that Sir Wilfrid Laurier did not consider the prolonged session of the Commons a sufficiently important reason to prevent his attendance at the Colonial Conference in England. No one could quite fill Sir Wilfrid's place at such a meeting. Questions of the greatest importance to both Canada and the Empire will be discussed and, from past experience, most Canadians have confidence that our interests will not suffer when in the hands of our Prime Minister.

No public man in Canada has ever been quite so safe or sane upon Imperial questions as Sir Wilfrid Laurier. His very personality and his reputation as one of the ablest statesmen in the British Empire is bound to have a more or less dominating influence even in a gathering of the leading public men from all the colonies that fit the British flag.

Great Snap In Strathcona

One lot on main business street, located very close in, with a neat lot. Price \$300. For speculation you could not beat this.

One lot on main business street, close in. Price \$1000. Terms \$500 cash, balance easy. If you want something good for speculation, look at this.

Plans and Specifications to be seen at office of

A. M. CALDERON, architect.

342 Jasper Avenue East.

Carpenters Tools and Supplies

Notes and comments.

The monopoly principle in industry must be overthrown.

Kaiser Wilhelm will send one of his sons to Harvard university for a course in molly coddling.

The session of the House of Commons is expected to close about the 15th inst. of this month.

Branch of the public service, it is fitting that he should bestow upon his home city the dignity of the name of the location of the chief institution of learning for Alberta.

Strathcona's reputation for having bestowed upon her by her worthy representative, we have no doubt, and that she may grow to be known as the classic city of Alberta is our firm conviction.

GAME THROUGH THE BURN.

Ten Persons Rescued From Wrecked Schooner by Life Savers.

Norwalk, Va., April 7.—Ten persons, two of them women, were rescued from death by Captain Eberhardt and his crew of life savers of the Nagshead N.C. station early today, when the four-masted schooner Louis Bossart was blown ashore by the heavy northeast gale that has prevailed along the Virginia-Carolina coast for the past 48 hours.

The schooner was swept out of her course by the storm. Shortly after midnight she ran on the beach and was discovered in the breakers by a coast patrol from Nagshead station. On account of the high sea no attempt was made to launch the boats. A line was shot over the schooner and the breeches boy was run out. When the surfmen pulled it in they were surprised to find a young woman as its passenger. She is daughter of Captain Fletcher, of the wrecked schooner. Then one by one of the seven members of the schooner's crew were hauled to safety through the sea, and finally Captain Fletcher himself.

IN CUBA ANOTHER YEAR.

American Troops Will Occupy Island For Some Time Yet.

Havana, April 8.—The members of the company of insurgents with whom United States Secretary of War and Assistant Secretary of State Bacon made arrangements for peace in Cuba in September last, contacted with the Secretary today. Despite the demands of the committee, Secretary Taft refused to give his visitors the date of the withdrawal of the American forces from Cuba. There is a general impression gathered by what Secretary Taft says today, that the American occupation of Cuba will last another year.

DEATH OF JUDGE DUGAS' WIFE.

Montreal, April 8.—Mrs. Dugas, wife of Hon. Judge Dugas, of Dawson City, died in Montreal Saturday of pneumonia. She had been with her husband on an extended visit to her married daughter, Mrs. L. A. Herd, wife of Professor Herd, of McGill university. Judge Dugas left for Dawson City a month ago, and it was intended that Mr. Dugas, who was thin in the best of health, should follow him some time during this month. She contracted a severe cold some ten days ago and developed pneumonia.

THE KINGS MEET.

Cartagena, Spain, April 8.—King Alfonso, the Dowager Queen Christina, and other members of the royal party, arrived here at 7.30 this morning from Madrid, in order to meet the King and Queen of England. The British Royal yacht Victoria and Albert, escorted by warships, was sighted later in the day, and King Alfonso went out to meet King Edward and Queen Alexandra on board the Spanish Royal yacht, Girarda. The royal visitors were accorded a magnificent reception on their arrival here.

FUNERAL OF DR. DRUMMOND.

Montreal, April 8.—The remains of the late Dr. W. H. Drummond, who died at Cobalt on Saturday, reached this city this morning accompanied by Mrs. Drummond and the brothers of the deceased. A large number of friends and admirers gathered at St. George's Church on Dominion Square, whence the funeral took place at 2.30 o'clock. The remains were interred at Mount Royal Cemetery.

NO LEGAL FOUNDATION.

Ottawa, April 8.—In the House today Aylesworth told Fox that he had given his decision upon the claims of retired servants of the Hudson's Bay Company, and it was that they had no legal foundation.

WILL ASK GRANT.

The council of the city of trade appeared before the city council tonight, and ask for a grant towards the work of the board. The sum of \$600, the same amount as last year, will be applied for.

DULON'T BEAR HUMILIATION.

Troton, N.Y., April 8.—Rather than the humiliation of going to jail in tattered garments, 18-year-old Lawrence Howe today shot himself, inflicting probably a fatal wound.

Western Canada league managers very enthusiastic over the outlook for a prosperous season this year, from all the reports at hand, and are four clubs that expect to be in the first division when the going rings.

AROUND THE CITY

LOCALS

Mr. R. Matz has opened a new store at Stony Plain, the Bismark.

Mrs. Blacklock, of Elizabeth street, has been taken to the general hospital.

Prof. Riddell of Alberta college, has gone on a business visit to Toronto. He will be away about a month.

The Young Men's club at McDougall church held their last social evening for this season at Alberta college on Thursday night.

The funeral of the late George Woods took place yesterday afternoon from the mortuary of the Alberta Undertaking Company to Edmond cemetery.

The tenants of the city are requested to attend a meeting at the St. Elmo hotel on Wednesday night at 7.30 o'clock, when matters of importance to the trade are to be discussed.

Henry Kraser, the well known fur trader, is arranging for his spring trip north, and expects to get away next week. He is going through to Fort, Chipewyan, and will take close to \$15,000 worth of supplies with him.

The W. C. T. U. meeting, which had been announced to take place in the Methodist church on Wednesday afternoon at 5.30 will be held instead in the schoolroom of the Baptist church.

Edward Brownson, of Brownsonville, the well known fur trader, has arrived in the city with his spring lot of furs, worth over \$10,000. Mr. Brownson has left the lot in charge of W. H. Jagger. He is bringing a large number of lynx, coyote, muskrat, and one particularly handsome chamois.

Sheriff Duncan and Jailer Black of Regina, have returned east after delivering Joseph Gilbert into the safe keeping of Warden McCauley, of the Edmonton jail. Gilbert will spend the remainder of his days in prison, having been sentenced to life imprisonment for the murder of Barrow Henderson at Regina about a year ago. At his trial he was sentenced to hang, but at the last minute they on to make the penalty life imprisonment.

PERSONAL

N. J. East, of Hurry, was a city visitor yesterday.

Mrs. H. Peterson of Humboldt, is calling on Edmonton friends.

Mr. and Mrs. H. A. Valpo, of Calgary, are guests at the Cecil.

Miss D. Echele, of Morinville, spent Sunday with Edmonton friends.

Mr. and Mrs. A. W. Taylor were guests of Calgary friends on Saturday.

E. Teller and John Soutter, of Calgary, were at the King Edward on Sunday.

Mr. H. Warren and J. H. Warren, of Armstrong, B.C., are city visitors this week.

D. J. Berry, one of Vermilion's implement dealers, was in the city on Sunday.

Mr. and Mrs. P. T. Butchart, registered at the Alberta, Calgary, on Saturday.

Mr. and Mrs. O. T. Burke, of the Summers Stock Co., are stopping at the Cecil.

Mr. and Mrs. J. A. Foster, of Portland, Ore., are spending a few days in Edmonton.

W. Dixon, M.D., and wife, of West-Edmonton, spent Sunday with friends in Edmonton.

W. D. Ritchie, a Burke Falls building contractor, is an Edmonton visitor this week.

Mr. and Mrs. H. F. Lloyd were among the guests at the Yale, Calgary, on Sunday.

Wood Inspector A. Mitchell spent several days in Calgary last week. He was at the Yale.

J. R. Boyle, M.P.P., and wife, of Sturgeon, are spending a few days in Edmonton this week.

E. H. Teller, manager for the C. F. and J. Galt Co., at Calgary, is in the city for a few days.

Mr. and Mrs. F. Ansell, of Barnia, arrived in the city on Saturday, and are guests at the Cecil.

C. E. VanArsdale, of the Grand Trunk Pacific office staff, spent a few days in Calgary last week.

H. C. Anderson, manager for Nicholson & Bain, commission merchants, Calgary, was in Edmonton on Monday.

R. H. Scott, district manager for the Northern Life Assurance Co., Calgary, arrived from the south yesterday.

Mrs. A. L. Lang, of Owen Sound, arrived in the city on Saturday and will spend a few days with old friends.

N. T. Burdick, of Burdick Bros.

general merchants, Stettler, spent Sunday and Monday with city friends.

Mr. and Mrs. Geo. H. Summers, of the Summers Stock company, are guests at the Cecil during their stay in the city.

Jas. J. Douglas, of Lloydminster, accompanied by S. Rogers, of Mount Forest, are spending a few days in the city.

Lionel Madore, of Montreal, arrived home on Sunday from an official visit to the south.

Mr. Louis Madore, of Montreal, will remain here with his brother, Mr. Louis Madore.

H. A. Craig, provincial superintendent of fairs and farmers' institutes, arrived home on Sunday from an official visit to the south.

James Lochan and Archie Chellav, of Kreta, India Territory, spent Saturday in Edmonton. They intend taking up land and settling in U.S. section.

Mr. and Mrs. T. Smith and T. P. Bayes, of Toronto, arrived in Edmonton on Saturday, and intend making up their home in the city in the future.

They are at the Pandemonia at present.

BUILDING PERMITS.

Building permits taken out since the inspector moved to his new quarters in the old Heimlich building, opposite the post office, are as follows:

Charles Lagourque, Second, dwelling, \$650; G. Golnik, Syndicate, dwelling, \$600; Wm. Asplen, Donald, dwelling, \$800; Dumas Co., Thirteenth street, barn, \$550; Alberta Marble and Granite Co., Peace, shop, \$500; Robert Tugler, Elizabeth, barn, \$1,500.

LEATHER WORKERS OUT.

A large number of the leather workers of the city are not working. Eighteen of them gave notice on March 26 that they desired an increase of 10 per cent. in wages, and a reduction of the ten hour day to nine. There are six employers in the city, and only one of these has signed the new agreement. All the men are out but three. The wages under the old agreement was \$2.50 for a ten hour day. The 10 per cent. increase demanded would make the daily wage \$2.75.

THE NEW HOSPITAL ADDITION.

Work will be started at once on the new addition to be erected at the east end of the public hospital on Kintore. The new structure will be 250x50 feet, two stories high and will be connected with the main building by a passway. The addition will be of frame construction with metal roof and will cost \$4,000. The contractor is Chas. Creamer.

A new nurses' home that will afford comfortably, more, accommodation than the present one is also to be provided. The Sutter building that now is at the corner of Elizabeth and Queen's avenue, has been purchased by the board and will be moved down to the hospital grounds at once.

TOO LATE TO CLARIFY.
